ANNUAL STUDENT FINANCIAL AID REPORT

Action Requested: Receive the annual governance report on student financial aid.

Executive Summary: This annual report describes the volume of student financial aid awarded at the Regent universities. Financial aid, in the form of grants, loans, and on-campus employment, is available to all eligible Regent university students. In 2010-11, the total amount of financial aid awarded to students¹ at the public universities was \$965,855,056;² this represents an increase of \$67,341,022 (+7.5%) from the prior year. Between 2006-07 and 2010-11, the total amount of financial aid awarded to students at the public universities increased by \$221,613,165 (+29.8%).

- ♦ Of the total financial aid awarded in 2010-11, \$566,415,734 (58.6%) came from federal funds, \$4,833,009 (0.5%) came from state³ funds, \$315,526,083 (32.7%) came from institutional funds, and \$79,080,230 (8.2%) came from other⁴ funds.
- ♦ Furthermore, \$287,117,545 (29.7%) was in the form of grants/scholarships; \$192,739,190 (20.0%) was in the form of employment; and \$485,998,321 (50.3%) was in the form of loans.⁵ The graph on the following page describes the funding types and sources of student financial aid.

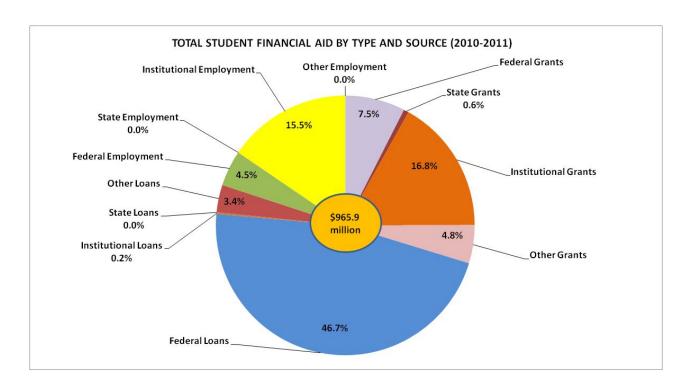

¹ Includes undergraduates and graduates.

² Data source: Student Financial Aid Annual Reports, Iowa College Student Aid Commission, 2010-11.

³ State funds included \$2,706,149 designated for specific purposes, such as National Guard Education Benefits and Vocational Rehabilitation Grants.

⁴ Private grants, scholarships, loans, etc.

⁵ Includes PLUS loans.

Trends/Points.

- Between 2000-01 and 2010-11, total borrowing per FTE student for undergraduate and graduate students increased by 57% in inflation-adjusted dollars. Undergraduate borrowing increased by 56% per FTE student.⁷
- Increases in the Pell Grant program have not kept pace with tuition increases. In 1979-80, the maximum Pell Grant covered 72.4% of costs at public universities; in 2010-11, it covered only 32.0%. According to the U.S. Department of Education, lowa has the eighth highest gap between Pell Grants and the total cost of education.
- Sufficient funding has not kept pace with the resources needed by the need-based lowa Grant Program which has affected the ability of students to access the public universities. In 2010-11, the total funding for the program was \$319,134 which represents a decrease of \$328,248 (-50.7%) from the prior year and 0.1% of all grant/scholarship programs. Approximately 510 students received this award in 2010-11, which represents a decrease of 222 students (-30.2%); the average award was \$622, which represents a decrease of \$258 (-29.3%) from the prior year.
- Loans continue to play a major role in the student financial aid packages of Regent university students. However, studies have shown that loans typically do not promote college enrollment; loans influence a student's choice of college especially when income and race/ethnicity are considered.⁹
- Interest rates on subsidized Stafford loans will increase to 6.8% on July 1, 2012.

EDUCATION AND STUDENT AFFAIRS COMMITTEE 13 PAGE 3

- Students have assumed more reliance on employment while in school. According to the most recent federal statistics, "77.7% of all full-time undergraduates worked in 2003-04 and they averaged 25.7 hours week. The vast majority of students (91%) worked off-campus." However, studies have shown that working more than 20 hours per week can impede students' progress toward graduation and limit some aspects of their academic experience. 11
 - Students who work on-campus at the Regent universities work approximately 12-15 hours per week. The universities do not track off-campus employment of students.
- Loss of significant funding for the Iowa Work-Study Program¹² continues to limit the opportunities for on-campus student employment. This is contrary to research that has shown that students who work on-campus have higher retention and persistence rates than students who work off-campus. The Iowa Work-Study Program was not funded for FY 2011.
- For some students, the Iowa Forgivable Loan Program has played a significant role as an incentive to pursue a degree in education and to seek employment in the state. However, in 2010-11, there were no funds provided for this program.
- The federal TEACH Grant, implemented in July 2008, provides up to \$4,000 per year to undergraduate and graduate students who teach in shortage areas, such as math, science, foreign language, bilingual education, special education, and other high need areas. Students must teach in one of these areas for at least four years in the eight years following graduation; otherwise, they must repay the grant as an unsubsidized loan. In 2010-11, approximately 470 students received an average TEACH grant award of \$3.866.
- An income-based repayment program and deferment of loan repayment is available following active military duty.
- The Ensuring Continued Access to Student Loans Act (2008) expanded the Federal Direct Unsubsidized Stafford Loan for undergraduates by \$2,000 and increased the cumulative loan limit to \$31,500. It also allows parent PLUS loan borrowers to defer the start of repayments until six months after their student leaves school. The prior process required parents to begin repayment while the student was still enrolled.
- The Higher Education Opportunity Act (2008) increased the annual Perkins loan limit to \$5,500 for undergraduates; it also increased the aggregate loan limit to \$27,500 for upper-division undergraduates and \$11,000 for lower-division undergraduates.
- Although the maximum Pell Grant is the most frequently cited grant program, only about 25% of recipients currently quality for the maximum. 13 In 2010-11, the maximum Pell Grant award was \$5,550; the average national Pell Grant award was \$3,828. At the Regent universities, the average Pell Grant award was \$3,816.

¹⁰ "ACE Issue Brief, May 2006.

¹¹ Student employment at the Regent universities is limited to 20 hours per week.

¹² Approximately \$2 million was appropriated each year prior to 2001-02. Between 2001-02 and 2004-05, \$0 was appropriated for state work-study; no state work-study funds were appropriated in 2009-10 or 2010-11.

The Student Financial Aid Report addresses the Board of Regents Strategic Plan priorities of "access, affordability, and student success; and educational excellence and impact" and Goal #1 – "lowa's public universities shall be affordable to all academically qualified lowa residents."

Highlights:

- ♦ Grants/Scholarships. In 2010-11, a total of \$287,117,545 (29.7%) was awarded in the form of grants and scholarships; this is an increase of \$38,274,370 (+15.4%) from the prior year. Of the total grants and scholarships awarded in 2010-11, 57.1% came from institutional funds; 25.2% came from federal funds; 16.0% came from other funds; and 1.7% came from state funds.
- ♦ Employment. In 2010-11, a total of \$192,739,190 (20.0%) was awarded in the form of on-campus employment; this is an increase of \$4,838,809 (+2.6%) from the prior year. Of the total amount awarded in 2010-11, 77.6% came from institutional funds; 22.4% came from federal funds; and 0.02% came from state or other funds.
- ♦ <u>Loans</u>. In 2010-11, a total of \$485,998,321 (50.3%) was awarded in the form of loans; this is an increase of \$24,227,843 (+5.2%) from the prior year. Of the total loans awarded in 2010-11, 92.8% came from federal funds; 0.0% came from state funds; 6.8% came from other funds; and 0.4% came from institutional funds.

Between 2008-09 and 2010-11, there were significant changes in student financial aid by **funding source**.

♦ Federal funds increased by \$98,569,143 (+21.1%) during that three year period.

- ♦ State funds decreased by \$4,805,708 (-49.9%). 14
- ♦ Institutional funds increased by \$61,090,512 (+24.0%).
- ♦ Other funds, such as private grants and scholarships, decreased by \$5,070,945 (-6.0%).

- The national average financial aid to undergraduate students who received aid in 2010-11 was \$12,455.15 In 2010-11, the average financial aid to Regent university undergraduate students was \$13,999¹⁶ which was an increase of \$1,902 (+15.7%) from the prior year.
 - In 2010-11, there were 45,426 undergraduates¹⁷ who received some type of financial aid at the Regent universities which was an increase of 2.9% from the prior year. Of the total number of undergraduates who received aid, 74.5% received some type of grant/scholarship; 73.1% received some type of loan; 18 and 43.7% received some type of employment aid.
 - The national average grant/scholarship award to undergraduate students in 2010-11 was \$6,539. In 2010-11, the average grant/scholarship award to Regent university undergraduate students was \$6,430 which was an increase of \$335 (+5.5%) from the prior year.
 - The national average loan award to undergraduate students in public four-year institutions was \$6,800 in 2007-08. In 2010-11, the average loan award to Regent university undergraduate students was \$7,679¹⁹.

 ¹⁵ Trends in Student Aid 2011, College Board.
 16 Student College Aid Commission survey data, 2010-11; unduplicated count of students.

¹⁷ This is an unduplicated headcount.

¹⁸ This includes PLUS; it is 72.8% without PLUS.

¹⁹ Loan amounts exclude PLUS. If PLUS loans are included, the average loan award was \$10,255.

EDUCATION AND STUDENT AFFAIRS COMMITTEE 13 PAGE 9

- The national average work-study award to undergraduate students in public four-year institutions was \$2,500 in 2007-08. In 2010-11, the average work-study award to Regent university undergraduate students was \$2,366 which was a decrease of \$267 (-10.1%) from the prior year.
- ♦ Graduating Seniors Without Debt.²⁰ Nationally, 44% of graduating seniors in 2009-10 graduated without debt from public four-year institutions.²¹
 - In 2010-11, 39.0% (40.0% in 2009-10) of all graduating seniors at SUI graduated without debt; 33.0% (34.0% in 2009-10) of graduating seniors who were lowar residents graduated without debt.
 - At ISU, 30.4% (29.6% in 2009-10) of all graduating seniors graduated without debt; 25.2% (25.7% in 2009-10) of graduating seniors who were lowa residents graduated without debt.
 - At UNI, 22.3% (22.6% in 2009-10) of all graduating seniors graduated without debt; 22.9% (21.2% in 2009-10) of graduating seniors who were lowa residents graduated without debt.
- Debt Upon Graduation. The national average indebtedness for those graduating with debt from public four-year institutions was \$22,000 in 2009-10.²² The national average need-based indebtedness for those graduating with debt from public institutions was \$11,653 in 2007-08.²³

AVERAGE INDEBTEDNESS FOR THOSE GRADUATING WITH DEBT 2008-09 to 2010-11

	2008-09	2009-10	2010-11

Average need-based indebtedness for lowa residents	\$11,372	\$11,282	\$11,706
Iowa State University			
Average indebtedness	\$29,767	\$29,475	\$29,324
Average indebtedness for lowa residents	\$29,358	\$28,804	\$29,035
Average need-based indebtedness	\$13,234	\$13,182	\$13,615
Average need-based indebtedness for lowa residents	\$13,054	\$13,148	\$13,670
University of Northern Iowa			
Average indebtedness	\$24,123	\$25,735	\$25,523
Average indebtedness for lowa residents	\$24,065	\$25,916	\$25,435
Average need-based indebtedness	\$12,798	\$12,981	\$12,983
Average need-based indebtedness for lowa residents	\$12,778	\$13,067	\$12,962

²⁰ The debt load for students is based on debt incurred while attending one of the Regent universities.

²¹ Trends in Student Aid 2011, College Board. ²² Trends in Student Aid 2011, College Board.

²³ 2007-08 NPSAS.

- Default Rates.²⁴ In 2009, the national default rate for federal student loans was 8.8%, which was an increase from 7.0% in 2008. The default rate for the state of lowa was 11.5%, which was an increase from 9.9% in 2008. The default rate for public four-year institutions was 5.2%, which was an increase from 4.4% in 2008.
 - For the University of Iowa, it was 1.9% (1.9% in 2008); for Iowa State University, it was 2.6% (1.8% in 2008); and for the University of Northern Iowa, it was 2.9% (2.1% in 2008).

- ♦ The table on the following page describes the distribution of tuition set-aside funds to undergraduates who demonstrated need in 2010-11.
 - At SUI, approximately 63% of all undergraduates who received tuition set-aside funds demonstrated need; approximately 54% of those who demonstrated need were lowa residents. Approximately 75% of all undergraduate tuition set-aside funds were awarded to students who demonstrated need; approximately 44% of those funds were awarded to lowa residents who demonstrated need.
 - At ISU, approximately 73% of all undergraduates who received tuition set-aside funds demonstrated need; approximately 73% of those who demonstrated need were lowa residents. Approximately 72% of all undergraduate tuition set-aside funds were awarded to students who demonstrated need; approximately 43% of those funds were awarded to lowa residents who demonstrated need.
 - At UNI, approximately 80% of all undergraduates who received tuition set-aside funds demonstrated need. Approximately 94% of those who demonstrated need were lowa residents. Approximately 70% of all undergraduate tuition set-aside funds were awarded to students who demonstrated need; approximately 78% of those funds were awarded to lowa residents who demonstrated need.

The following statements apply to the three Regent universities.

Student Financial Aid Awarding Philosophies.

- ♦ Federal, state, university, and private financial aid is awarded to as many students as possible who qualify and meet all required application priority dates and deadlines.
- Students who demonstrate the greatest financial need will receive the most amount of financial aid and will receive priority consideration for need based grants and scholarships.
- All financial aid combined cannot exceed the student's cost of attendance.

Student Financial Aid Department Priorities.

- ♦ Ensure that department priorities are consistent with university strategic plans, including providing access to those with financial need; enrolling well qualified and prepared students; facilitating the enrollment of a diverse student population; recruitment of high achieving students; and awarding philosophies that promote persistence and timely graduation.
- Develop and implement financial literacy programs that help educate students about sound budgeting and spending practices.
- Advocate at the federal and state levels for adequate and enhanced financial aid to help meet the increasing higher education costs as well as related living expenses.
- Develop university policies and procedures that comply with federal rules and regulations and state administrative codes.
- Develop university policies and procedures that simplify and streamline the application for and delivery of all sources and types of financial aid.
- Make affordability and access a high priority and create opportunities to minimize and reduce annual student debt.

Institutional Student Financial Aid Initiatives.

- Developing and implementing comprehensive processes to insure compliance with all provisions of the Higher Education Opportunity Act and the final program integrity regulations.
- Maintaining and enhancing university financial aid websites that respond to parent and student needs.
- Maintaining and enhancing websites that allow prospective and currently enrolled students to assess accurately the net costs of attending the Regent universities using a Net Price Calculator.

- Enhancing efforts to be responsive to the growing number of students who are applying for financial aid and have special financial circumstances that resulted from negative changes in the economy.
- Providing parents with relevant information about the federal PLUS loan and ensuring that private educational loans are loans of last resort. Providing additional counseling when informing students about private loans.
- ♦ Enhancing aid programs and analyzing their effectiveness for access and affordability.

Institutional Concerns Related to Financial Aid.

The following issues and concerns reflect requirements from the latest federal laws and regulations.

- Increases in federal student loan default rates resulting from extending 2-year cohort default rates to 3-year default rates. This change will likely cause some small increase in lowa public university default rates, although they will still remain significantly below the state and national averages.
- Responding to additional cuts in state aid programs available to students attending the Regent universities, including cuts in the All Iowa Opportunity Scholarship program; the Iowa Grant program; and the elimination of the Iowa Work-Study program.
- Continue to work on implementing the recommendations of the Access and Affordability Committee.
 - ⇒ Create and adequately fund a need-based state grant program dedicated to students attending lowa public universities.
 - ⇒ Fund the Iowa Work-Study Program at no less than the FY 2000 level.
 - Develop strategies for collaborative lobbying efforts to increase federal student aid funding opportunities for lowa public universities.

 - ⇒ Continue the fund-raising priority for need-based and merit-based scholarships.
 - ⇒ Increase four-year graduation rates where appropriate.
 - Add financial education staff, as needed, to the universities' financial aid departments.
 - Require all undergraduate students, including transfer students, to complete a financial education component as part of their first-year experience.
- Provisions of the Higher Education Opportunity Act that allowed for year-round Federal Pell Grant funding for continuously enrolled students was eliminated.
- ♦ Elimination of the federal Academic Competitive Grant and SMART Grant programs after the 2010-11 academic year has reduced opportunities for students.

- Possible significant changes to the Federal Perkins Loan program for FY 2012 and beyond.
- Elimination of subsidized federal direct loans for graduate and professional students for periods of enrollment beginning July 1, 2012.
- ♦ Elimination of grace period subsidy for undergraduate students effective July 1, 2012.
- Increased administrative burden resulting from Higher Education Opportunity Act Program Integrity regulations requirements.

GLOSSARY

<u>Direct Lending Schools</u>. Students are able to borrow directly through the school to receive their federal student loans. The Health Care and Education Reconciliation Act of 2010 now requires all post-secondary institutions participating in Title IV programs to be direct lending schools. The three Regent universities have participated in the direct lending program since 1994-1995.

Expected Family Contribution (EFC). This is the amount that the student and his/her family are expected to contribute toward the student's education. If the EFC is below a certain amount, the student may be eligible for a Federal Pell Grant. The EFC data elements may be adjusted under certain circumstances, e.g., the EFC may be adjusted to consider the family's elementary and secondary tuition expenses, their medical and dental expenses not paid by insurance, unusually high child care expenses, a family member's recent unemployment, or other changes in a family's income, a family's assets, or a student's status.

<u>Federal Pell Grant</u>. A Federal Pell Grant, unlike a loan, does not have to be repaid. Pell Grants are awarded only to undergraduate students who have not earned a bachelor's or professional degree.

<u>Campus-Based Federal Programs</u>. These include the Federal Work-Study (FWS), Federal Supplemental Educational Opportunity Grant (FSEOG), and Perkins Loans. These programs are all need-based. The funds are distributed to institutions based on a complex formula, and the institutions allocate them to students with financial need. An FSEOG does not have to be repaid. FSEOG awards are based on the availability of funds at the school. The student can receive between \$100 and \$4,000 a year, depending on the date of application, level of need, funding level of the school, and school's financial aid office policies.

<u>Subsidized Loan</u>. A subsidized loan is awarded on the basis of financial need. The student will not be charged any interest before beginning repayment or during authorized periods of deferment. The federal government subsidizes the interest during these periods.

Types of Loans. There is a variety of loan programs available to students and their parents.

- Federal Perkins Loan is a low-interest loan for students with exceptional financial need.
- Federal Stafford Loan is a simple interest, government guaranteed, no collateral loan.
- ♦ Federal PLUS (Parent Loan for Undergraduate Students) is a simple interest, government guaranteed, no collateral loan; parents are eligible for the PLUS if they meet the minimum government credit requirements.
- Private Loan is a non-federal loan offered by a private lending institution to cover educational costs. Borrowers must meet credit underwriting criteria of the financial institution to qualify. Both fixed-rate and variable-rate loans are available; interest accrues during the entire time of enrollment and repayment; deferments and discharges are at the lender's discretion.

<u>Unmet/Overmet Financial Need</u>. Unmet/overmet financial need is calculated by subtracting the expected family contribution (EFC) and the assistance (grants, scholarships, loans, and employment) provided by the institution or other sources from the cost of attendance (tuition, fees, books, and room and board).

<u>Unsubsidized Loan</u>. An unsubsidized loan is not awarded on the basis of need. The student will be charged interest from the time the loan is disbursed until it is paid in full.

<u>Work-Study Funds</u>. Work-study funds come from federal and state programs in which a maximum of 75% of the wages is covered by the federal or state program. The federal government covers 100% of the wages for students who are employed as tutors in America Reads³⁰ and America Counts³¹ Programs. The federal government covers 75% of the wages for students who are employed in community-based organizations; the employing organization covers the other 25% of the wages.
